## NOTICE OF AVAILABILITY CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD SAN DIEGO REGION

This notice is to inform interested persons that the California Regional Water Quality Control Board, San Diego Region (Regional Board) has released the revised Tentative Order No. R9-2006-0011 (San Diego County Municipal Storm Water Permit), the revised Fact Sheet for the Tentative Order, and a Responses to Comments document addressing comments received on the Tentative Order. The documents are available on the Regional Board website at:

http://www.waterboards.ca.gov/sandiego/programs/sd stormwater.html.

Additional supporting information may be made available at a later date.

The revisions to the Tentative Order and Fact Sheet have been made directly in response to the final written comments received on these documents as of June 21, 2006.

To facilitate public comment, interested persons may review and submit written comments on the changes in the revised Tentative Order and Fact Sheet. Only written comments on the changes to the Tentative Order and Fact Sheet will be accepted and responded to in the supporting documentation on the Tentative Order. Written comments previously submitted on sections of the Tentative Order or Fact Sheet should not be reiterated if the Tentative Order or Fact Sheet was not revised in response to those comments. All comments that did not result in a revision to the Tentative Order will be considered by the Regional Board in the Responses to Comments document and other supporting information when the Regional Board deliberates on the Tentative Order. Written comments on the changes to the Tentative Order and Fact Sheet must be submitted to the Regional Board by 5:00pm October 30, 2006. Written comments received after this date will not be considered.

Regional Board address: 9174 Sky Park Court, Suite 100 San Diego, CA 92123-4340

The Tentative Order is tentatively scheduled to be considered by the Regional Board for adoption during the December 13, 2006 Regional Board Meeting.
